

The 31st annual **Chalfont Challenge 5K** is scheduled for the morning of **Saturday, June 3, 2023.**

Last year, as we emerged from the pandemic and held the first Chalfont Challenge 5K in two years, we saw a big return of runners, and we only anticipate that growing this year as registrations are flowing in. Not only does this 5K attract runners from all over the area, it also has tremendous community support with more than 90 residents volunteering to help make the race a success. The Chalfont Challenge 5K is the sixth race in the Bucks 5K seven race series www.bucks5Kseries.com.

Proceeds from the Chalfont Challenge 5K benefit the Chalfont's Park & Trail Development Program. Your sponsorship and support of the 2023 Chalfont Challenge 5K is critical for our continued success.

As a sponsor, you have the opportunity to help your community continue to expand and improve our trail system. This year's proceeds will directly benefit the construction of the North Branch Neshaminy trail connecting Patriot Place, Chestnut Street Park and the Lindenfield Bridge. Your sponsorship will also allow you to advertise your company's name on the race shirt design. Show your pride and support by helping to sponsor these successful community wide events in 2023.

Please join me, a fellow Chalfont business owner, in becoming a sponsor for this event. For your convenience, I have enclosed a page with sponsorship levels and descriptions.

Extra forms are available at the Borough office. Please call Dawn Tremmel at 215-822-7295, or email dtremmel@chalfontborough.com for additional sponsorship forms, or with any questions.

To have your company name included on the 5K t-shirt, your pledge of support needs to be received by May 5, 2023.

We value and appreciate your support of the Chalfont Challenge 5K.

Thank you,

Michael Smith
